SCHOLASTICS

Claim to the State
Clai into the State
Championship.

The Clarksburg Scholastics defeated the Carlisle Indians Sunday at a football game before a large

crowd by a score of fifteen to nothing. The Indians were much heavier than the Scholastics, but the fast work of the latter fooled the Indians. The Scholastics claim the championship of West Virginia at 140 pounds. They have already defeated Weston twice, Fairmont once, Broad Oaks and the Carlisle Indians. They have never been scored on yet.

Can't Trifle With Nature

Sleeplessness, shaky nerves, stomach trouble, weak heart, headaches, etc., are effects often caused by coffee and tea drinking.

There can be no relief until the cause—if it be coffee or tea—is removed.

Then Nature will repair the damage; and the return to health can be hastened by using well-boiled

Postum

—the pure liquid food-drink containing the nourishing elements of wheat, including the phosphate of potash, (grown in the grain) which Nature requires in rebuilding body and brain.

"There's a Reason"

And it is explained in the little book, "The Road to Wellville," in packages.

Meeting Held November 17, 1911.
A meeting of the league was held Friday evening at the Gore alleys and the following matters were decided upon:

1. The application of Earl Knapp to place a team in the league in place of the Plumbers was favorably acted upon.
 2. The clause of the by-laws restricting house men from rolling in the league was amended so as to allow Knapp to roll.
 3. A mistake in the by-laws reading "the adoption of the B. C. rules," was changed to read "the adoption of the A. D. A. rules."
 4. Captain Carr, of the Heavies, relinquished any right the Heavies might have to J. C. Coleman, an unattached roller. He was signed by Bachman for the Crescents.
- The adoption of the A. D. A. rules settles the question of lofting balls, as it does not touch on the matter, and the same is now permissible.

PORTO RICO

Governor in Annual Report Shows Progress Made in Several Lines.

WAHSINGTON, D. C., Nov. 20.—Porto Rico's progress during the last year has been little short of phenomenal, as shown in the annual report which Governor George R. Colton has submitted to the secretary of war. In political, commercial and educational lines he sees cause for rejoicing.

The foreign trade of the island, he reports, was fifteen per cent greater than in the fiscal year, 1910, and four times as much as in 1901, the removal of the barriers in that year between the United States and Porto Rico having been the start, he says, of the industrial activity of the territory. He calls particular attention to the importance of Porto Rico as a purchaser of American goods.

Increase in the production of sugar, cigars and fruit is noted, as also the increase in the value of coffee, although its quantity was less than in some previous years. The net revenue receipts were thirteen per cent larger than in 1910, and the cash balance in the treasury was \$500,000 larger than a year previously. Activity in road construction and irrigation work is reported, also twenty per cent increase in the school enrollment.

The enactment of laws beneficial to the business interests of the country and a general sanitary law are mentioned by the governor, who adds that there is a "perceptible increase of public opinion in support of efficient administration and officials and a ready response from those in office."

GOLDS ARE BROKEN

How to Cure a Bad Cold and End Grippe Misery in a Few Hours.

Nothing else that you can take will break your cold or end grippe so promptly as a dose of Pope's Cold Compound every two hours until three consecutive doses are taken.

The most miserable headache, dizziness, head and nose stuffed up, feverishness, sneezing, running of the nose, sore throat, mucous catarrhal discharges, soreness, stiffness, rheumatism pains and other distress begin to leave after the very first dose.

Pope's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars, and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or grippe.

Take this harmless Compound as directed, with the knowledge that there is no other medicine made anywhere else in the world, which will cure your cold or end Grippe misery as promptly and without any other assistance or bad after-effects as a 25-cent package of Pope's Cold Compound, which any druggist in the world can supply.

Lily Cream heals smooths and whitens chapped or roughened hands. It is a harmless skin lotion used by men and women everywhere—sold by your druggist at 25c per bottle. Trial size 15c. Heals cracked lips, too.
